

Code of Conduct: Covid Community Champions

The purpose of the COVID 19 Community Champion scheme is to help ensure that residents across the Wakefield District hear correct and consistent information about Covid-19. We recognise that there is potential for debate and disagreement, but our role is to tell people what the rules and the facts are, so they can work out how to apply them to their everyday lives

Therefore, as a COVID 19 Community Champion, you are asked to sign up to the code of conduct, which requires that:

1. Any information or advice you circulate comes from a reputable source. If in doubt, please check first before you share
2. When sharing messages, please focus on the content and spirit of the message. Please make sure the focus is on the message, rather than any personal views (yours or anyone else's) which may undermine the message
3. Please do not apply your own interpretation of guidelines if in doubt, ask for clarification or signpost to the reliable sources of information you have been provided with
