

Adult Social Care Outcomes Framework (ASCOF)

The ASCOF is one of the tools we use to measure our performance. The Framework demonstrates how well care and support services achieve the outcomes that matter most to people. The measures are grouped into four domains which are typically reviewed in terms of movement over time. Data is provided at council, regional and national level.

Our results from 2017-18 are shown below

ASCOF Measure	Wakefield Results		How the measure is scored	Wakefield Trend 2016-17 to 2017-18	Other Councils 2017-18	
	2016-17	2017-18			Yorkshire & Humber	England
