

TRAINING AND SUPPORT

Families and Babies (F.A.B) in Wakefield offers free breastfeeding support and information in many ways. They can provide short awareness sessions or training for staff / managers. They can discuss the nature of your business and explore other opportunities to become breastfeeding friendly and address any concerns you or your staff may have.

Support is also available to develop a Breastfeeding Friendly Policy to support your employees to continue breastfeeding when they return to work.

Coming soon - an e-learning resource.
