

Making a challenge/representation against a Penalty Charge Notice

An informal challenge/representation should be made within the first 28 days but if it is received within the discount period and subsequently rejected by us we will offer the 14 day discount again.

After 28 days has elapsed and the PCN remains unpaid and there is no outstanding challenge/representation, we apply to DVLA for the registered keepers details and the send out a Notice to Owner (NtO) the owner of the vehicle can then make a formal representation against the NtO and again they have 28 days from the service date of the NtO.

There are also other circumstances that may lengthen these timescales.
