

Where can I go for help and advice about which schools to select as preferences?

Visiting a school is a good way to find out all about it, and then decide whether it should be one of your five preferences. Schools will often show parents/carers around upon request. You may also want to consider what is important to you and your child.

This could include:

- Is the school within reasonable travelling distance of your home?
- How does the school monitor a pupil's progress and how is this reported to parents/carers?
- What help will be given to a pupil who has difficulty with a particular subject?
- How do the examination and value added results compare to other schools?
- How does the school recognise and reward achievement?
- What sporting and extra-curricular activities are available?
- How does the school care for the welfare of children?
- Does the school set homework?
- Is there a school uniform?
- If visited, do you like the school, its staff and the children?
- You could also ask parents/carers of other children for their views of the school.

Do I have the right to choose which school my child attends?

As a parent/carer, you have a legal right to express a preference for the school you would like your child to attend, but you do not have the right to decide at which school they will be offered a place. Places are allocated by Wakefield Council's Admissions Team or the relevant Governing Body (where the Council is not the Admissions Authority), in accordance with the relevant published Admissions and Oversubscription criteria.

Each school, regardless of type, serves a catchment area. You are much more likely to have your preference met if you select the school that serves your catchment area.

To find out which catchment area you live in, please visit: www.wakefield.gov.uk/admit

If the number of applications for a school does not exceed the number of places, all applicants must be offered a place.

Schools might receive more applications than the number of places available (the Published Admission Number). If this happens, places will be allocated using the relevant published Oversubscription Criteria. Where Wakefield Council's Oversubscription Criteria apply, places will be offered in the following order:

- (a) Children in Care or who were previously in Care;
- (b)
 - i Children who live in the school's catchment area, who have brothers and sisters attending the school at the time of admission;
 - ii Other children who live in the school's catchment area;
- (c) Children who have brothers or sisters in attendance at the school;
- (d) Other children, with priority being given to those living nearest to the school.

In all categories, when decisions have to be made between children satisfying the same criterion, children living nearest to the school, measured as the crow flies (a straight line from home to school), have priority.

A growing number of schools in Wakefield are their own Admissions Authority; the majority of these schools have adopted Wakefield Council's admissions policy for Community and Voluntary Controlled schools. Where this is not the case, a summary of their oversubscription criteria can be found in Section 8. Visit www.wakefield.gov.uk/admit for the complete policies.

Please note:

- Any place offered on the basis of a fraudulent or intentionally misleading application, e.g. giving a false address, may be withdrawn.
- "Brothers or sisters" includes step-brothers or -sisters. They must live at the same address, be of statutory school age and attending the same school, or a school on the same site, when the child starts.
- "Children in Care" includes children who have been adopted from Local Authority care, or who are subject to a Child Arrangements Order, and those with special guardianship immediately following being Looked After.
