2. How we use your data:

As part of the response to the increase in cases of Covid-19 and the discovery of the new Delta variant, which is much more transmittable an enhanced support and surge testing programme has been established. The aims of the programme are to:

- Raise awareness and encourage everyone living in targeted areas to get a free PCR test, even if they don't have symptoms. Testing is key to reducing the transmission of disease, as those who are positive (including those without symptoms), and their close contacts can isolate and break the chain of transmission.
- Raise awareness of the support that is available if individuals have to self-isolate.
- Raise awareness and encourage people to take up the offer of a Covid-19 vaccination.

In order to evaluate this service, Wakefield Council will conduct a short evaluation survey with participants. The information collected will include:

- Gender
- Ethnicity
- Age group
- First part of postcode e.g. WF1

The information will be used to analyse the success of the service, and to understand if we were to repeat the service which areas, age groups, genders and ethnicities responded the best to this type of service.

The survey will be conducted via SurveyMonkey.

3. What authority does the Council have to collect and use this information?

The legal gateway under GDPR is; Article 6(1)(e) - Public Task Processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller; And Article 9(2)(h) – Provision of health or social care. Processing is necessary for the purposes of preventive or occupational medicine, for the assessment of the working capacity of the employee, medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems and services on the basis of Union or Member State law.

4. How long will we keep your data?

We will keep the data for as long as the Covid-19 pandemic and subsequent enhanced support and surge testing programmes continue, in order to support understanding and roll-out of future programmes. After which time it will be deleted from our systems.
